Are You One of Them?

Of the two people it takes to make a bargain, you are ONE, how much would it be worth to you to find the other one?

Would it be worth the cost of a classified ad? Would it be worth the cest of a small, but determined, "campaign of want advertising?"

The "other one" necessary to "make a bargain" is found, in nine cases out of ten, through advertising---often through want advertising; and, in this city, usually through want advertising in this newspaper.

The "Other One"

watches the WANT ADS. pretty closely --- but, of course, has to be convinced. If your offer is "right" that will be an easy task.
